

Import fonturi True Type

Programul Allplan este livrat cu 20 de fonturi CAD (acestea se instaleaza automat). In plus mai puteti asocia inca 20 de fonturi True Type. Pentru aceasta operatie aveti la dispozitie pozitiile 21-40. Pentru a asocia fonturi True Type la fonturile Allplan sunt necesari urmatorii pasi:

- 1. Din meniul Fisier selectati Proiect Pilot/Gestiune...
- 2. In fereastra de dialog care apare, faceti click pe semnul + din fata directorului **Birou** pentru a desfasura continutul acestuia.
- 3. Faceti click dreapta pe directorul Fonturi din Birou si selectati din meniul contextual Asociere font...

Va aparea urmatoarea fereastra de dialog:
